## Dear runner!

We invite you to Austria's greatest scenic race experience which will be held traditionally on the third weekend of October, 2024. With more than 6,000 entries, we saw big races in the recent years! Stunning scenic sections on delightful paths along the shoreline – between water and rock faces – offering everything a runner's heart desires, and with the six competitions, the Marathon (42.195k), the 27k Classic, the 10k Shoreline Race, the 5.2k Panorama Race, the Junior-Marathon and Walk the Lake – there is an appropriate distance for everyone.

## The ultimate Running experience

After its successful debut in 2011, the special challenge of the Marathon is in the programme again. After starting in the Imperial town of Bad Ischl and following a 15k lead in, it follows the original circular course of the 27k Classic Lake Wolfgangsee – with the "invigorating" Falkenstein (220 m difference in altitude). The participants were unanimous – "A cracking, first class marathon."

The Classic is the 27k race of course, which took place for the first time 52 years ago (on the 26<sup>th</sup> October, 1972). With up to 2,000 entrants, it is the competition with the greatest number of participants, but the 10k Shoreline Race and the 5.2k Panorama Race are getting more and more popular – not forgetting the 3. Walk the Lake (8.5k | 14k | 18.5k | 27k) with start and finish in St. Gilgen – and the Junior-Marathon, that take place on Saturday (19<sup>th</sup> October, 2024) on the picturesque lake promenade in Strobl, of course!

## A medal for everyone that finishes

The finishing line of all four Sunday competitions is situated in the heart of St. Wolfgang – about 100 m away from the the White Horse Inn. All those who finish, over whatever distance, receive an artistically designed medal. The Lake Wolfgangsee circuit is among the most beautiful running challenges on the European running scene. Why don't you simply enter and enjoy ...

## Special medals 2024

All finishers of the adult competitions will receive a very special and exclusive medal at the 52<sup>nd</sup> Int. Wolfgangseerace 2024: this is the antique finisher medal with the portrait of St. Wolfgang, whose 1,100<sup>th</sup> anniversary is being celebrated this year (924–2024).

The Wolfgangseelauf medals in particular have been highly valued by many runners for decades, as they bear witness to a special achievement – not forgetting the memory of a special running experience in the Salzkammergut. After all, most runners are not allowed to win a glass trophy for the first three places in their class. For them in particular, the personal finisher medal is a proof of achievement of lasting value.

Incidentally, all medals have been produced by the Graz-based precision company "Schwertner" for years. The former managing director Christian Waldherr took part in the Wolfgangsee Run in 2019 together with his wife and daughter.

**The special extra 2024:** Make the 52<sup>nd</sup> Int. Wolfgangseelauf 2024 your very own personal running experience. With a personalized engraving on the back of your finisher medal (first and last name, net time) you will have a unique piece – which is only available once in the world – with a special memorable value. Under the motto "A run comes to an end, my time remains", your medal will be personally unique.

**Information for all participants in the Sunday running events (including those who have already registered):** Engraving is possible on site in all cases. Simply come to the Lauf-Expo at the Pacher-Haus with your finisher medal.

**Note:** This special offer is only valid for the four main race medals on Sunday for 5.2k | 10k | 27k and 42.2k.

**Price of the engraving** if ordered in advance via online registration: € 10,— | if ordered later (after the run in the Expo tent): € 12,—

## Timing – Certificates – Results

Pentek timing with two UHF timing chips

- All events (incl. Walk the Lake and Junior Marathon) are timed with two Pentek UHF timing chips, which are integrated on the back of each race number. The two timing chips are protected by foam. Please do not remove, bend or damage this foam! **Important:** The race number **MUST** be worn (even in bad weather) on the outermost layer of clothing (do not wear a running jacket over it) – otherwise there will be no timekeeping!
- The UHF timing chips are a great relief for thousands of participants, as there is no need to buy a rental chip and nothing to return.
- All results (including certificates for free download) and low-cost photo download are available at [www.wolfgangseelauf.at](http://www.wolfgangseelauf.at)
- The current results list with an informative statistics section will be available for download from December 2024 at [www.wolfgangseelauf.at](http://www.wolfgangseelauf.at)

## Timing mats

At the 27k (St. Wolfgang) and 10k (Gschwendt) starting points, as well as the start of the Marathon in Bad Ischl and the 5.2k Panorama Race start in Strobl and Walk the Lake in St. Gilgen, time measuring mats are in operation. Using these, all main race runners (5.2k | 10k | 27k | 42.195k) can be timed from the start gun and be timed personally from the time they cross the start line. A split time in St. Wolfgang, St. Gilgen, Gschwendt and Strobl is an added service (for 10k, 27k and 42.195k).

## Block starts

Because of the growing number of runners in the Panorama, Shoreline and Classic Race, block starts will be offered over the 27k, 10k and 5.2k Races. With three or four block starts (10k) you have a less stressful start procedure – so all participants have the best possible conditions. We request the following starting line-up:

Starting time	5.2k finishing time	10k finishing time	27k finishing time
<b>10.30 a.m.</b>	15:00–27:30	x	1:25:00–2:15:00
<b>10.34 a.m.</b>	27:30–35:00	30:00–50:00	2:15:00–2:45:00
<b>10.38 a.m.</b>	35:00–60:00	50:00–1:00:00	2:45:00–4:00:00
<b>10.42 a.m.</b>	x	1:00:00–1:05:00	x
<b>10.46 a.m.</b>	x	1:05:00–1:40:00	x

**Please note:**

- The front starting rows are reserved for the fast runners (5.2k: 15:00–20:00 min. / 10k: 30:00–40:00 min. / 27k: 1:25:00–2:00:00).
- We ask each 27k runner, to please take care when overtaken by marathon runners and to keep right, leaving a lane free on the left (Lake Wolfgangsee) for them – THANK YOU!

## Pacemaker

Use our special service to beat your goals. Six pacemakers will help you to run personal best!

Pacemaker	10k finishing time	27k finishing time

## Runner transport by boat (5.2k and 10k):

In cooperation with the Lake Wolfgangsee Boat Company, a special service is offered on the 20<sup>th</sup> October, 2024 for the 52<sup>nd</sup> International Lake Wolfgangsee Race (5.2k Panorama Race- and 10k Shoreline Race). All Panorama Race and Shoreline Race participants receive a voucher (in your starting package) for a picturesque and relaxing boat trip to Strobl (5.2k starting place) or to Gschwendt (10k starting place). Those accompanying runners can also use the boat service of course, (as far as capacity allows) at the official tarif.

- Runners can use the voucher found in the starting package either before the race (if you park in St. Wolfgang) or after the race (if you park free-of-charge in the starting places of Strobl oder Gschwendt).

**Best variant 1:** Because parking in St. Wolfgang on race day is always extremely scarce, we advise those runners participating in the 5.2k and 10k Races, to leave their vehicles at the free-of-charge car parks in Strobl or Gschwendt, compete in the race and then, after the event, return to the car park using the free boat trip.

There are two places to board boats in St. Wolfgang before or after the races – the Schafberg cog railway jetty (Schiffsanlegestelle Schafbergbahn) or at the jetty called „Markt“.

**Variant 2:** Use one of the first three boats to give yourself enough time to prepare unhurriedly for your 5.2k or 10k Race.

### Before the race from St. Wolfgang to Strobl (5.2 k Starting place) und Gschwendt (10 k Starting place):

Station   Boat	1	2	3	4	5
St. Wolfgang Schafbergbahn cog railway jetty	8.25 a.m.	8.50 a.m.	9.05 a.m.	9.22 a.m.	10.00 a.m.
St. Wolfgang Markt (27k Starting place and Finish of all races)		9.00 a.m.	8.55 a.m.	9.32 a.m.	09.50 a.m.
Gschwendt (10k Starting place)		9.10 a.m.	9.15 a.m.	9.45 a.m.	10.10 a.m.
Strobl (5.2k Starting place)	8.40 a.m.	9.25 a.m.	9.30 a.m.	10.00 a.m.	10.25 a.m.

**Please note:** • The first boat (at 8.25 a.m.) is only for 5.2k-runners and it doesn't stop in St. Wolfgang Markt and Gschwendt.

- Furthermore, boat 5 at 9.50 a.m. is only for very late arrivals for the 5.2 and 10k Race – **no garment bag service!**

If you choose to collect your starting package for the 5.2k or 10k Race on 20<sup>th</sup> October, 2024 in Strobl or Gschwendt and/or you want to make a last-minute entry (only, if the race ist not booked out), please note the following time schedule:

**No** 10k Number collection or 10k last-minute entries in St. Wolfgang on Sunday!

+ You can also board the same boats for the trip to Gschwendt and Strobl after the Lake Wolfgangsee Race and/or the award ceremonies at the Schafbergbahnhof (Schafberg cog railway boat jetty) earlier  
at 11.37 a.m. | 12.25 p.m. | 12.37 p.m. | 1.25 p.m. | 1.37 p.m. | 2.37 p.m. | 3.37 p.m. | 4.37 p.m. | 5.37 p.m.

## Runner transport by bus (42,195k):

**Option 1:** We recommend, you leave your car in Bad Ischl and return after the marathon with the bus from St. Wolfgang.

**Option 2:** Marathon runners can use the bus service between the Michael Pacher-Haus in St. Wolfgang (or the bus terminal Strobl) and the Marathon start in Bad Ischl before or after the race. This single trip is included in your registration fee. The voucher for the bus journey between St. Wolfgang (or Strobl) and Bad Ischl and a timetable can be found in your starting package.

**Please note:** The last bus is waiting for the visitors of the Marathon winners ceremony.

## Meet and greet “Griß Eich!”

Just as the racers on Lake Wolfgangsee are reinvigorated, our young team will bring in a breath of fresh air with their new ideas. On the evening before the race they are putting on a welcome pasta party in the Michael-Pacher-Haus and are actively involved in the kitchen. On Saturday from 6 p.m. to 8.30 p.m., race participants can get a spaghetti bolognese with the voucher contained in their start package, subject to availability. The 52<sup>nd</sup> International Lake Wolfgangsee Race 2024 will begin with the big party with live music (The Breeze); pictures from the past 51 races; timely tips and information concerning the race weekend and awards for runners.

## Please do not – for safety reasons we ask ...

... to refrain from wearing headphones or similar technical products!

... not to bring dogs on the run!

... not to use walking sticks on the Sunday runs! That's why the "Walk the Lake" was added to the program.

## Special scores

This year we have six special scores, all of which are free of charge, as an extra service in 2024!

### • Team-Marathon

Threesome-Team Competition for families, friends, firms, institutions and associations. In 2009, through the adding together of three course distances, (5.2 + 10 + 27k = 42.2k) a new and exciting competition was created. Often called "the speedy three", this race is run over the total Marathon distance of 42.2k. When run in this manner, the Marathon, acknowledged as the most prestigious race of all long-distance challenges, is a really special experience, even for Lake Wolfgangsee race regulars. Your additional registration for the Team-Marathon is a special service provided by the promoter, and therefore free of charge. If you wish to take part in the Lake Wolfgangsee Team-Marathon as a threesome, you can use your individual performance (5.2k, 10k or 27k) towards a combined Marathon team time.

- Three specified entrants form a Team, one entry for each of the three races, together equalling the classic Marathon distance.
- The total of the three single times adds up to your Marathon Team time.
- Three classes are invited (women, men, mixed; without age classification).
- Each team member of the top 3 Teams (women, men, mixed) receives a Lake Wolfgangsee Team Marathon Glass trophy.
- The participants of the Team-Marathon will also, of course, be ranked in their selected race and, if applicable, in the Salzkammergut and Lake Wolfgangsee-Trophies within the 27k Classic Race too.
- The additional registration for the threesome Team-Marathon is only valid when the following points are observed:
  - + Common Team name.
  - + All three participants (5.2k + 10k + 27k) have to click "yes" for the Team Marathon, when registering.

### • 1<sup>st</sup> Wolfgangsee Champion:

A new and exciting challenge awaits "seasoned" runners in 2024: The 1<sup>st</sup> Wolfgangsee Champion 2024 includes the 24<sup>th</sup> Schafberglauf on May 25<sup>th</sup> (7.2k | 1,188 meters in altitude) and the 52<sup>nd</sup> Int. 27k classic race on October 20<sup>th</sup>. No separate registration is required for the "Wolfgangsee-Champion" – participation is free and a special service provided by the organizers. When you register for the Schafberglauf (maximum 300 entries), you are automatically registered for the Wolfgangsee Champion. There is an overall ranking for men and women (without age groups).

As a special appreciation, everyone who finishes both races will receive the noble Wolfgangsee Champion glass medal in a case. This can be collected from the information desk in the basement of the Pacher-Haus after the Wolfgangsee Run on October 20<sup>th</sup>, 2024 from 2 p.m. to 3 p.m. (no forwarding). The champion results list and the personal champion certificate with the individual times and the overall time can be downloaded via the Wolfgangseeauf results list.

## Six races – one legendary atmosphere

### 13<sup>th</sup> Marathon (42,2k) | Sunday, October 20<sup>th</sup>, 2024

A scenic Marathon to enjoy! After the great success of the Marathon from 2011–2023, this unique challenge over the classic 42.195k distance is in the Lake Wolfgangsee race programme again. A special marathon, and scenic experience, awaits all entrants. The Marathon starts in the centre of the Imperial town of Bad Ischl in front of the "Trinkhalle" building.

The course leads through Pfandl, Wirling (refreshment point) to the Bürglstein guesthouse and then joins the original course of the 27k Classic before continuing on through St. Wolfgang (refreshment point). Between kms 18 and 21 the special challenge of the Falkenstein cliff awaits, over which the runners climb to 220m before coming back down again. Stunning scenic sections on delightful paths along the shoreline, between water and rock faces, offer everything the runner's heart desires and, after passing through St. Gilgen, Gschwendt and Strobl, the Marathon heads towards the finishing line in St. Wolfgang. The participants were unanimous – „A cracking, first class marathon.“

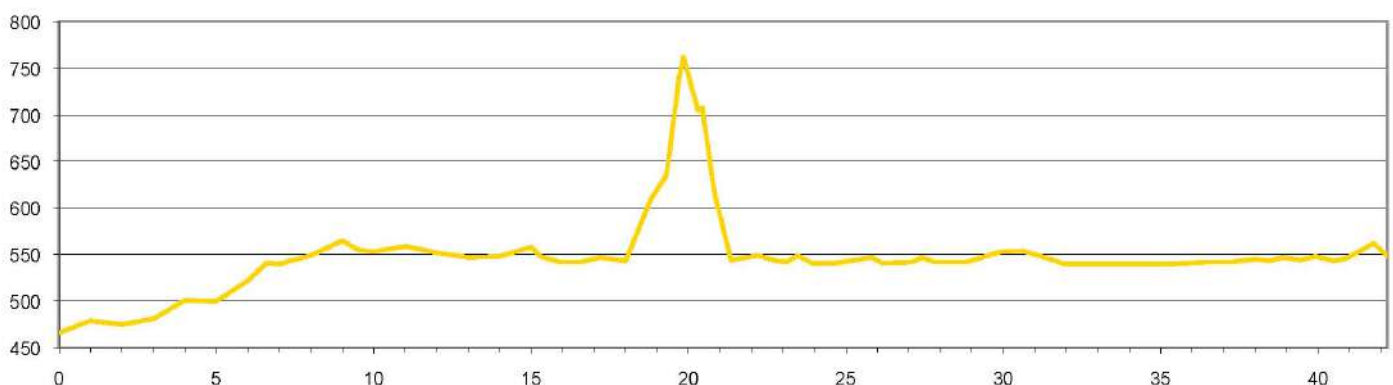

**Please note:** During the first part of the marathon (until the Bürglstein guesthouse), the course is only partly closed to other road users. Therefore the highway code is to be followed. If the highway code is not adhered to, the race organiser undertakes no responsibility for any accidents! Race marshals will be placed at important points. **Limit: 400 registrations**

The marathon will start directly in front of the Trinkhalle in Bad Ischl, the European Capital of Culture 2024.

## 52<sup>nd</sup> Int. Classic Race (27k) | Sunday, October 20<sup>th</sup>, 2024

Since its debut, 52 years ago on the 26<sup>th</sup> October, 1972, the Lake Wolfgangsee Race has counted as one of the most scenic and most loved races in Europe. More than 70,000 runners have taken part in this special race which connects the provinces of Upper Austria and Salzburg. With its beautiful scenic sections, along the shore between the water and rock faces, and its delightful pathways, this race offers everything the runner's heart desires. The 27k Classic Race is the largest competition of the whole event.

For many runners, the 27k long Lake Wolfgangsee Race constitutes the ultimate challenge – almost comparable to a Marathon. Although “only” measuring 64 % of the classic Marathon distance of 42.195k, the “invigorating” Falkenstein, (a 220m-high “hill” between 3 and 6k) certainly contributes to this demanding race and is the special challenge that makes the Lake Wolfgangsee Race unique. The goal of making it once around Lake Wolfgangsee has a special appeal to thousands of runners. Top-class runners take less than 90 minutes. Running enthusiasts and those who run as a hobby take between two and four hours. At the finishing line in St. Wolfgang, just 100m away from the “Weissen Rössl” (White Horse Inn), everyone who accomplishes this challenge is a winner and, for most people, the artistically designed 27k Finisher's medal is particularly special!

On the 20<sup>th</sup> October, 2024, Austria's greatest scenic race experience takes place for the 52<sup>nd</sup> time. Once again each participant is in for a real running treat as autumn's golden hues settle over Lake Wolfgangsee elevating this special sporting experience to a natural wonder.

The race around Lake Wolfgangsee is, of course, attractive athletically but it also has cultural appeal. When running on the oldest pilgrimage route in Europe, various pre-Christian places of worship can be seen on the ascent to the Falkenstein church. On the top of the Falkenstein mountain there was once a Celtic place of ritual and sacrifice where, in 976 AD St. Wolfgang, the man of legend and founder of the town, lived as a recluse. To succeed in running once around Lake Wolfgangsee is therefore something very special. **Limit: 2,500 registrations**

## 21. Shoreline Race (10k) | Sunday, October 20<sup>th</sup>, 2024

If there were such a thing as a classic distance for an amateur “Enthusiasts race”, the ideal distance favoured by millions of runners worldwide, would be 10k. Since 2003, this distance has been included in the International Lake Wolfgangsee race programme as the „10k Shoreline Race”.

The start of the 10k Shoreline Race is located at the Schiffsstation (boat jetty) in Gschwendt in Abersee – just under a hundred metres away as the crow flies from the 27k start in St. Wolfgang (admittedly on the opposite shore!). The start of the Shoreline Race takes place on the 20<sup>th</sup> October, 2024 at 10.34 a.m. (group 1), 10.38 a.m. (group 2) and 10.42 a.m. (group 3) and 10.46 a.m. (group 4). On the way to the finishing line the runner passes through a wonderful area of natural beauty which is, in the main, on flat terrain along the shoreline of Lake Wolfgangsee. At 4.5k, the run passes through the spectator-lined streets of Strobl before tackling one or two light ascents on the last kilometres into St. Wolfgang.

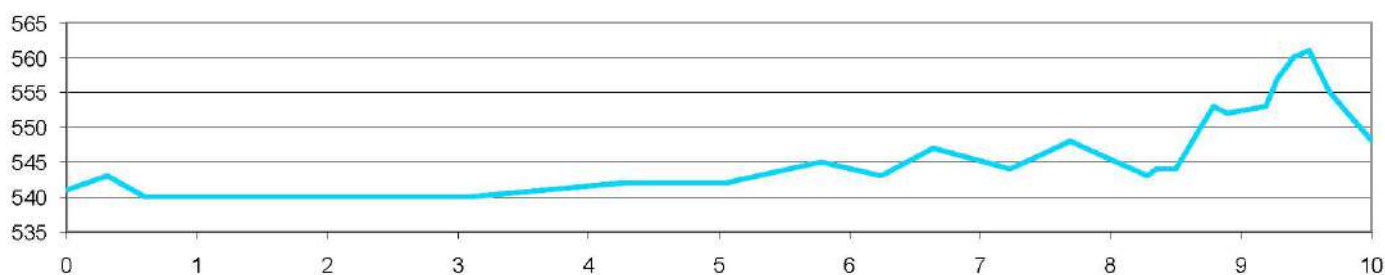

On the finishing line in St. Wolfgang everyone, whether first or last, is enthusiastically encouraged by the moderator and the many spectators. Of course, all finishers receive the artistically designed Race medal. **Limit: 2,500 registrations**

## 19. Panorama Race (5.2k) | Sunday, October 20<sup>th</sup>, 2024

At 5.2k, the Lake Wolfgangsee Panorama Race is the ideal competition for beginners, or a fitting event for all, who wish to enjoy the special atmosphere the Lake Wolfgangsee race offers, but who prefer to run a shorter distance. The start of the Panorama Race takes place on the 20<sup>th</sup> October, 2024 at 10.30 a.m. (group 1), 10.34 a.m. (group 2) and 10.38 a.m. (group 3) from the Dorfplatz (Village Square) in the centre of the Salzburg parish of Strobl at the eastern end of Lake Wolfgangsee.

Especially scenic just after the start, is a delightfully picturesque and lightly rolling section called the Bürglstein-Promenade, on which the border into Upper Austria is crossed. Whilst on this picture-book section, the race passes over a wooden walkway only two meters above the turquoise waters of Lake Wolfgangsee, with the striking rock formation known as the Bürglstein on your right and Lake Wolfgangsee stretching out into the distance to your left. Then, undulating terrain follows as the race progresses towards the finishing line in St. Wolfgang.

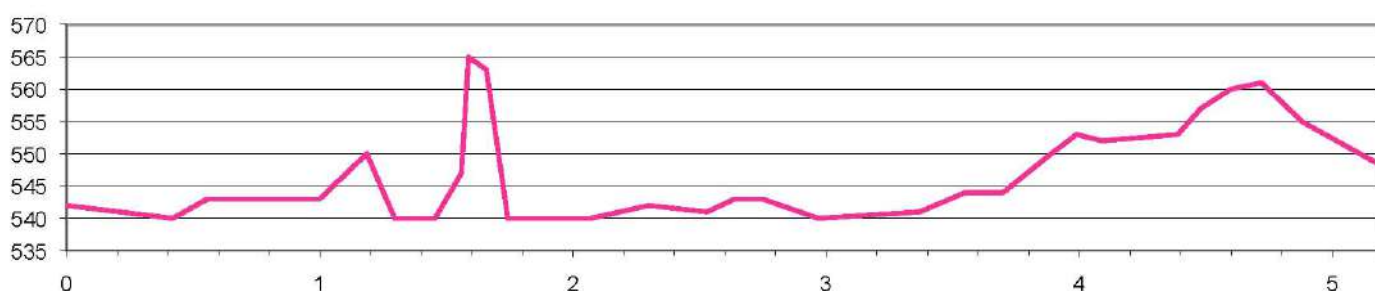

In the programme since 2005, this event, the 5.2k long Panorama Race, is enjoyed mainly on a personal level, because of its scenic beauty – with any thoughts of competition seemingly less important! **Limit: 1,200 registrations**

## Walk the Lake (8,5k | 14 k | 18,5k | 27k) | Saturday, October 19<sup>th</sup>, 2024

This year, for the third time, the “Walk the Lake” competition marks the start of the 52<sup>nd</sup> Lake Wolfgangsee Race. By doing so, we go back to the event’s roots – the Lake Wolfgangsee Race originates from the IVV-Volkswandertagen (mass hiking tours). For the “Walk the Lake”, with its start and finish at the Restaurant “Brunnwind” in St. Gilgen, the entry hurdle is set very low purposely – timing is completely trivial. You can choose between four distances: 8,5k (St. Gilgen – St. Wolfgang) | 14k (St. Gilgen – Strobl) | 18,5k (St. Gilgen – Gschwendt) | 27k (St. Gilgen – St. Gilgen). If you choose one of the three short distances, the ship will bring you back to St. Gilgen (your starting number is your ticket). Although time will be kept by chips, there will neither be a rating nor refreshment points. Every finisher will receive a medal and a personalized certificate to download. An alphabetical ranking can be downloaded as well. The organizers intend to specifically approach health-conscious contestants, whose main goal is to enjoy themselves while moving their body and soaking up the wonderful scenery of the Salzkammergut. Organizer Franz Sperrer: “The (Nordic) walker start on Saturday at 9 a.m. in St. Gilgen. For lunch or a quick refreshment, we suggest stopping at local restaurants or cafes along the way. One should enjoy the scenery and nature surrounding the Lake Wolfgang and return to St. Gilgen relaxed and proud.”

**Limit: 800 registrations**
