A wonderful run around the Wolfgangsee.

Dear runner!

We invite you to Austria's greatest scenic race experience which will be held traditionally on the third weekend of October, 2026. With almost 7,000 entries, we saw big races in the recent years! Stunning scenic sections on delightful paths along the shoreline – between water and rock faces – offering everything a runner's heart desires, and with the six competitions, the Salzkammergut Marathon (42.195k), the 27k Classic, the 10k Shoreline Race, the 5.2k Panorama Race, the Junior Marathon and Walk the Lake – there is an appropriate distance for everyone.

The ultimate Running experience

After its successful debut in 2011, the special challenge of the Salzkammergut Marathon is in the programme again. After starting in the Imperial town of Bad Ischl and following a 15k lead in, it follows the original circular course of the 27k Classic Lake Wolfgangsee – with the "invigorating" Falkenstein (220 m difference in altitude). The participants were unanimous – "a cracking, first class marathon."

The Classic is the 27k race of course, which took place for the first time 54 years ago (on the 26th October, 1972). With up to 2,400 entrants, it is the competition with the greatest number of participants, but the 10k Shoreline Race and the 5.2k Panorama Race are getting more and more popular – not forgetting the 5th Walk the Lake (8.5k | 14k | 18.5k | 27k) with start and finish in St. Gilgen – and the Junior Marathon, that take place on Saturday (17th October, 2026) on the picturesque lake promenade in Strobl, of course!

A medal for everyone that finishes

The finishing line of all four Sunday competitions is situated in the heart of St. Wolfgang – about 100 m away from the the White Horse Inn. All those who finish, over whatever distance, receive an artistically designed medal. The Lake Wolfgangsee circuit is among the most beautiful running challenges on the European running scene. Why don't you simply enter and enjoy ...

Special medals 2026

All finishers will receive a particularly exclusive medal at the 54th International Wolfgangsee Run 2026. This year, it is the silver finisher's medal with Lake Wolfgangsee on a light blue ribbon for the respective competition.

The Wolfgangsee Run medals have been highly valued by many participants for decades, as they bear witness to a special achievement – not to mention the memory of a special running experience in the Salzkammergut. After all, most people are not lucky enough to win a glass trophy for the first three places. For them in particular, the personal finisher medal is a proof of achievement of lasting value. Incidentally, all medals have been manufactured for years by the Graz-based precision engineering company 'Schwertner'.

The special extra 2026: Make the 53th Int. Wolfgangsee Race 2026 your very own personal running experience. With a personalized engraving on the back of your finisher medal (first and last name, net time) you will have a unique piece – which is only available once in the world – with a special memorable value. Under the motto "A run comes to an end, my time remains", your medal will be personally unique.

Information for all participants in the Sunday running events (including those who have already registered): Engraving is possible on site in all cases. Simply come to the Running Expo at the Pacher House with your finisher medal.

Note: This special offer is only valid for the four main race medals on Sunday for 5.2k | 10k | 27k and 42.2k.

Price of the engraving if ordered in advance via online registration: € 12,- | if ordered later (after the run in the Expo tent): € 14,-

Timing – Certificates – Results

Pentek timing with two UHF timing chips

- All events (incl. Walk the Lake and Junior Marathon) are timed with two Pentek UHF timing chips, which are integrated on the back of each race number. The two timing chips are protected by foam. Please do not remove, bend or damage this foam! **Important:** The race number MUST be worn (even in bad weather) on the outermost layer of clothing (do not wear a running jacket over it) – otherwise there will be no timekeeping!
- The UHF timing chips are a great relief for thousands of participants, as there is no need to buy a rental chip and nothing to return.
- All results (including certificates for free download) and low-cost photo download are available at www.wolfgangseelauf.at
- The current results list with an informative statistics section will be available from December 2026 at www.wolfgangseelauf.at

Timing mats

Timing mats will also be placed in all locations in 2026. This will allow brutto and net times to be recorded for all participants. Another service for runners is the intermediate times in St. Wolfgang, Fürberg, St. Gilgen, Gschwendt and Strobl.

The intermediate time measurement at the Marienkapelle chapel in Fürberg is particularly important, as it is located exactly halfway through the Salzkammergut Marathon. This means that even those participating in the 27k classic race will have a half marathon time accurate to the second from there to the finish line in St. Wolfgang.

Block starts

Because of the growing number of runners in the Panorama, Shoreline and Classic Race, block starts will be offered over the 27k, 10k and 5.2k Races. With three or four block starts (10k) you have a less stressful start procedure – so all participants have the best possible conditions. We request the following starting line-up:

Starting time	5.2k finishing time	10k finishing time	27k finishing time
10.30 a.m.	15:00–27:30	x	1:25:00–2:15:00
10.34 a.m.	27:30–35:00	30:00–50:00	2:15:00–2:45:00
10.38 a.m.	35:00–60:00	50:00–1:00:00	2:45:00–4:00:00
10.42 a.m.	x	1:00:00–1:05:00	x
10.46 a.m.	x	1:05:00–1:40:00	x

Please note:

- The front starting rows are reserved for the fast runners (5.2k: 15:00–20:00 min. | 10k: 30:00–40:00 min. | 27k: 1:25:00–2:00:00).
- We ask each 27k runner, to please take care when overtaken by Salzkammergut Marathon runners and to keep right, leaving a lane free on the left (Lake Wolfgangsee) for them – THANK YOU!

Runner transport by boat (5.2k and 10k):

In cooperation with the Lake Wolfgangsee Boat Company, a special service is offered on the 18th October, 2026 for the 54th International Lake Wolfgangsee Race (5.2k Panorama Race- and 10k Shoreline Race). All Panorama Race and Shoreline Race participants receive a voucher (in your starting package) for a picturesque and relaxing boat trip to Strobl (5.2k starting place) or to Gschwendt (10k starting place). Those accompanying runners can also use the boat service of course, (as far as capacity allows) at the official tarif.

- Runners can use the voucher found in the starting package either before the race (if you park in St. Wolfgang) or after the race (if you park free-of-charge in the starting places of Strobl oder Gschwendt).

Best variant 1: Because parking in St. Wolfgang on race day is always extremely scarce, we advise those runners participating in the 5.2k and 10k Races, to leave their vehicles at the free-of-charge car parks in Strobl or Gschwendt, compete in the race and then, after the event, return to the car park using the free boat trip.

There are two places to board boats in St. Wolfgang before or after the races – the Schafberg cog railway jetty (Schiffsanlegestelle Schafbergbahn) or at the jetty called „Markt“.

Variant 2: Use one of the first three boats to give yourself enough time to prepare unhurriedly for your 5.2k or 10k Race.

Before the race from St. Wolfgang to Strobl (5.2 k Starting place) und Gschwendt (10 k Starting place):

Station Boat	1	2	3	4	5
St. Wolfgang Schafbergbahn cog railway jetty	8.20 a.m.	8.50 a.m.	9.05 a.m.	9.22 a.m.	10.00 a.m.
St. Wolfgang Markt (27k Starting place and Finish of all races)	8.24 a.m.	9.00 a.m.	8.55 a.m.	9.32 a.m.	09.50 a.m.
Gschwendt (10k Starting place)		9.10 a.m.	9.15 a.m.	9.45 a.m.	10.10 a.m.
Strobl (5.2k Starting place)	8.35 a.m.	9.25 a.m.	9.30 a.m.	10.00 a.m.	10.25 a.m.

Please note: • Boat 1 is only for 5.2k runners, it departs at 8.20 a.m. from the St. Wolfgang Schafbergbahn station via St. Wolfgang Markt (8.24 a.m.) to the 5.2k start in Strobl (without a stopover in Gschwendt).

- Furthermore, boat 5 at 9.50 a.m. is only for very late arrivals for the 5.2 and 10k Race! **Note:** Clothes bags can be handed in at the respective start area until 10.05 a.m. at the latest! If you arrive by boat 5, you will not be able to hand in your clothing bag, as the clothing buses in Gschwendt and Strobl have to leave at 10.05 a.m.! The alternative in this case: clothes transportation by relatives.

If you choose to collect your starting package for the 5.2k or 10k Race on 18th October, 2026 in Strobl or Gschwendt and/or you want to make a last-minute entry (only, if the race ist not booked out), please note the following time schedule:

Sunday, 8.00–10.00 a.m.: 5.2k Number collection and 5.2k last-minute entries in the Tourist Office in Strobl.

No 5.2k Number collection or 5.2k last-minute entries in St. Wolfgang on Sunday!

Sunday, 7.30–9.30 a.m.: 10k Number collection and 10k last-minute entries at the start in Gschwendt.

No 10k Number collection or 10k last-minute entries in St. Wolfgang on Sunday!

Tip 3: We have organised the schedule so you have ample time to recuperate after the race and attend your respective award ceremony (2 p.m.: 5.2k | 2.45 p.m.: 10k | 3.30 p.m.: Team-Marathon | 3.45 p.m.: 27k | 4.45 p.m.: 42.195k).

- After the race on 18th October, 2026, boats will sail from St. Wolfgang Markt jetty to Gschwendt and Strobl. Times – 11.50 a.m. | 12.35 p.m. | 12.50 p.m. | 1.35 p.m. | 1.50 p.m. | 2.50 p.m. | 3.50 p.m. | 4.50 p.m. | 5.50 p.m.

- You can also board the same boats for the trip to Gschwendt and Strobl after the Lake Wolfgangsee Race and/or the award ceremonies at the Schafbergbahnhof (Schafberg cog railway boat jetty) earlier at 11.37 a.m. | 12.25 p.m. | 12.37 p.m. | 1.25 p.m. | 1.37 p.m. | 2.37 p.m. | 3.37 p.m. | 4.37 p.m. | 5.37 p.m.

Runner transport by bus (42,195k):

Option 1: We recommend, you leave your car in Bad Ischl and return after the marathon with the bus from St. Wolfgang.

Option 2: Marathon runners can use the bus service between the Pacher House in St. Wolfgang (or the bus terminal Strobl) and the Marathon start in Bad Ischl before or after the race. This single trip is included in your registration fee. The voucher for the bus journey between St. Wolfgang (or Strobl) and Bad Ischl and a timetable can be found in your starting package.

Please note: The last bus is waiting for the visitors of the Salzkammergut Marathon winners ceremony.

Timetable Marathonbus	1	2	3	4	5	6

Meet and greet "Griaß Eich!"

Just as the racers on Lake Wolfgangsee are reinvigorated, our young team will bring in a breath of fresh air with their new ideas. On the evening before the race they are putting on a welcome pasta party in the Pacher House and are actively involved in the kitchen. On Saturday from 6 p.m. to 8.30 p.m., race participants can get a spaghetti bolognese with the voucher contained in their start package, subject to availability. The 54th International Lake Wolfgangsee Race 2026 will begin with the big party with live music, more than 1,000 pictures from the past 53 races; timely tips and information concerning the race weekend and awards for runners.

Please do not – for safety reasons we ask ...

... to refrain from wearing headphones or similar technical products!

... not to bring dogs on the run!

... not to use walking sticks on the Sunday runs! That's why the "Walk the Lake" was added to the program.

Special scores

This year we have six special scores, all of which are free of charge, as an extra service in 2026!

• Team marathon

Threesome-Team Competition for families, friends, firms, institutions and associations. In 2009, through the adding together of three course distances, (5.2 + 10 + 27k = 42.2k) a new and exciting competition was created. Often called "the speedy three", this race is run over the total Marathon distance of 42.2k. When run in this manner, the Marathon, acknowledged as the most prestigious race of all long distance challenges, is a really special experience, even for Lake Wolfgangsee race regulars. Your additional registration for the Team marathon is a special service provided by the promoter, and therefore free of charge. If you wish to take part in the Lake Wolfgangsee Team marathon as a threesome, you can use your individual performance (5.2k, 10k or 27k) towards a combined Marathon team time.

- Three specified entrants form a team, one entry for each of the three races, together equalling the classic Marathon distance.
- The total of the three single times adds up to your Marathon team time.
- Three classes are invited (women, men, mixed; without age classification).
- Each team member of the top 3 Teams (women, men, mixed) receives a Lake Wolfgangsee Team marathon Glass trophy.
- The participants of the Team marathon will also, of course, be ranked in their selected race and, if applicable, in the Salzkammergut and Lake Wolfgangsee Trophies within the 27k Classic Race too.
- The additional registration for the threesome Team marathon is only valid when the following points are observed:
 - + Common team name.
 - + All three participants (5.2k + 10k + 27k) have to click "yes" for the Team marathon, when registering.

• Salzkammergut ranking (27k)

Those eligible are people who have their main residence in a parish within the tourist region of the Salzkammergut (Upper Austria, Salzburg, Styria) or who are registered with a running association in places with the Postcodes. There will be one trophy for men and one for women regardless of their age groups. Trophies will be awarded to the men and women coming first, second and third.

Please note: Only those who clicked "yes" on the internet, will be included.

No separate registration is required for the "Wolfgangsee Champion" – participation is free and a special service provided by the organizers. When you register for the Schafberglauf, you are automatically registered for the Wolfgangsee Champion. There is an overall ranking for men and women (without age groups).

As a special appreciation, everyone who finishes both races will receive the noble Wolfgangsee Champion glass medal. Six races – one legendary atmosphere

15th Salzkammergut Marathon (42,2k) | Sunday, October 18th, 2026

A scenic Marathon to enjoy! After the great success of the Marathon from 2011–2025, this unique challenge over the classic 42.195k distance is in the Lake Wolfgangsee race programme again. A special marathon, and scenic experience, awaits all entrants. The Marathon starts in the centre of the Imperial town of Bad Ischl in front of the "Trinkhalle" building.

The course leads through Pfandl, Wirling (refreshment point) to the Bürglstein guesthouse and then joins the original course of the 27k Classic before continuing on through St. Wolfgang (refreshment point). Between kms 18 and 21 the special challenge of the Falkenstein cliff awaits, over which the runners climb to 220m before coming back down again. Stunning scenic sections on delightful paths along the shoreline, between water and rock faces, offer everything the runner's heart desires and, after passing through St. Gilgen, Gschwendt and Strobl, the Marathon heads towards the finishing line in St. Wolfgang. The participants were unanimous – „A cracking, first class marathon.“

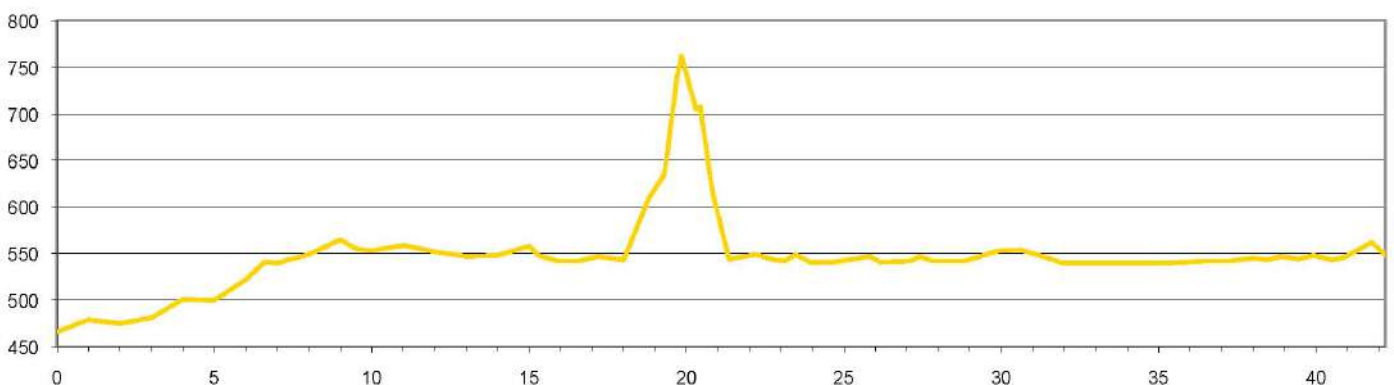

Please note: During the first part of the marathon (until the Bürglstein guesthouse), the course is only partly closed to other road users. Therefore the highway code is to be followed. If the highway code is not adhered to, the race organiser undertakes no responsibility for any accidents! Race marshals will be placed at important points. **Limit: 400 registrations**

The marathon will start directly in front of the Trinkhalle in Bad Ischl, the European Capital of Culture 2024.

54th Int. Classic Race (27k) | Sunday, October 18th, 2026

Since its debut, 54 years ago on the 26th October, 1972, the Lake Wolfgangsee Race has counted as one of the most scenic and most loved races in Europe. More than 70,000 runners have taken part in this special race which connects the provinces of Upper Austria and Salzburg. With its beautiful scenic sections, along the shore between the water and rock faces, and its delightful pathways, this race offers everything the runner's heart desires. The 27k Classic Race is the largest competition of the whole event.

For many runners, the 27k long Lake Wolfgangsee Race constitutes the ultimate challenge – almost comparable to a Marathon. Although “only” measuring 64 % of the classic Marathon distance of 42.195k, the “invigorating” Falkenstein, (a 220m high “hill” between 3 and 6k) certainly contributes to this demanding race and is the special challenge that makes the Lake Wolfgangsee Race unique. The goal of making it once around Lake Wolfgangsee has a special appeal to thousands of runners. Top class runners take less than 90 minutes. Running enthusiasts and those who run as a hobby take between two and four hours. At the finishing line in St. Wolfgang, just 100 m away from the “White Horse Inn”, everyone who accomplishes this challenge is a winner and, for most people, the artistically designed 27k Finisher's medal is particularly special!

The 27k Classic Race combines everything that makes the Wolfgangsee Run so special.

On the 18th October, 2026, Austria's greatest scenic race experience takes place for the 54th time. Once again each participant is in for a real running treat as autumn's golden hues settle over Lake Wolfgangsee elevating this special sporting experience to a natural wonder.

The race around Lake Wolfgangsee is, of course, attractive athletically but it also has cultural appeal. When running on the oldest pilgrimage route in Europe, various pre-Christian places of worship can be seen on the ascent to the Falkenstein church. On the top of the Falkenstein mountain there was once a Celtic place of ritual and sacrifice where, in 976 AD St. Wolfgang, the man of legend and founder of the town, lived as a recluse. To succeed in running once around Lake Wolfgangsee is therefore something very special.

23. Shoreline Race (10k) | Sunday, October 18th, 2026

If there were such a thing as a classic distance for an amateur “Enthusiasts race”, the ideal distance favoured by millions of runners worldwide, would be 10k. Since 2003, this distance has been included in the International Lake Wolfgangsee race programme as the „10k Shoreline Race”.

The start of the 10k Shoreline Race is located at the Schiffsstation (boat jetty) in Gschwendt in Abersee – just under a hundred metres away as the crow flies from the 27k start in St. Wolfgang (admittedly on the opposite shore!). The start of the Shoreline Race takes place on the 18th October, 2026 at 10.34 a.m. (group 1), 10.38 a.m. (group 2) and 10.42 a.m. (group 3) and 10.46 a.m. (group 4). On the way to the finishing line the runner passes through a wonderful area of natural beauty which is, in the main, on flat terrain along the shoreline of Lake Wolfgangsee. At 4.5k, the run passes through the spectator-lined streets of Strobl before tackling one or two light ascents on the last kilometres into St. Wolfgang.

On the finishing line in St. Wolfgang everyone, whether first or last, is enthusiastically encouraged by the moderator and the many spectators. Of course, all finishers receive the artistically designed Race medal. **Limit: 2,500 registrations**

For many runners, the 10k Shoreline Race is simply the perfect choice.

21. Panorama Race (5.2k) | Sunday, October 18th, 2026

At 5.2k, the Lake Wolfgangsee Panorama Race is the ideal competition for beginners, or a fitting event for all, who wish to enjoy the special atmosphere the Lake Wolfgangsee race offers, but who prefer to run a shorter distance. The start of the Panorama Race takes place on the 18th October, 2026 at 10.30 a.m. (group 1), 10.34 a.m. (group 2) and 10.38 a.m. (group 3) from the Dorfplatz (Village Square) in the centre of the Salzburg parish of Strobl at the eastern end of Lake Wolfgangsee.

Especially scenic just after the start, is a delightfully picturesque and lightly rolling section called the Bürglstein Promenade, on which the border into Upper Austria is crossed. Whilst on this picture-book section, the race passes over a wooden walkway only two meters above the turquoise waters of Lake Wolfgangsee, with the striking rock formation known as the Bürglstein on your right and Lake Wolfgangsee stretching out into the distance to your left. Then, undulating terrain follows as the race progresses towards the finishing line in St. Wolfgang.

In the programme since 2005, this event, the 5.2k long Panorama Race, is enjoyed mainly on a personal level, because of its scenic beauty – with any thoughts of competition seemingly less important! **Limit: 1,200 registrations**

The 5.2k Panorama Race is one of the most beautiful things the Wolfgangsee Run has to offer.

5. Walk the Lake (8,5k | 14 k | 18,5k | 27k) | Saturday, October 17th, 2026

This year, for the fifth time, the “Walk the Lake” competition marks the start of the 54th Lake Wolfgangsee Race. By doing so, we go back to the event’s roots – the Lake Wolfgangsee Race originates from the IVV-Volkswandertagen (mass hiking tours).

For the “Walk the Lake”, with its start and finish at the “Brunnwind lido” in St. Gilgen, the entry hurdle is set very low purposely – timing is completely trivial. You can choose between four distances: 8,5k (St. Gilgen – St. Wolfgang) | 14k (St. Gilgen – Strobl) | 18,5k (St. Gilgen – Gschwendt) | 27k (St. Gilgen – St. Gilgen). If you choose one of the three short distances, the ship will bring you back to St. Gilgen (your starting number is your ticket). Although time will be kept by chips, there will neither be a rating nor refreshment points. Every finisher will receive a medal at the finish line in St. Gilgen and a personalized certificate to download. An alphabetical ranking can be downloaded as well. The organizers intend to specifically approach health-conscious contestants, whose main goal is to enjoy themselves while moving their body and soaking up the wonderful scenery of the Salzkammergut. Organizer Franz Sperrer: “The (Nordic) walkers start on Saturday at 9 a.m. in St. Gilgen. For lunch or a quick refreshment, we suggest stopping at local restaurants or cafes along the way. One should enjoy the scenery and nature surrounding the Lake Wolfgang and return to St. Gilgen relaxed and proud.”

Limit: 800 registrations
